SOUTHWIRE.COM

OUR STORY

For over 60 years, Southwire® has provided high-quality electrical wire and cable to the commercial and industrial construction industries. Now, the name you trust provides durable, cutting-edge professional grade tools, designed with safety and productivity in mind. Look to Southwire for solutions to all your electrical needs, from electrician's hand tools, meters, contractor equipment, temporary power, and extension cords.

TABLE OF CONTENTS

TEMPORARY LIGHTING

AREA
LIGHTS

The Southwire Area Lighting range is built to offer maximum lumen output for large projects, while still keeping lighting at ground level. Included in this category group is the Wobblelight product group, featuring self-righting technology, and the ability to output light at 360°. Additionally, the balloon light category offers the latest in LED technology on heavy-duty stands to ensure the light is away from eye-level. Southwire can light any jobsite with the perfect 360° lighting solution for you.

AREA LIGHTS

WOBBLELIGHT®

For 20 years, the Wobblelight® has provided reliable lighting on the jobsite. The self-righting technology paired with heavy-duty housing guarantees these products will provide years of service in the toughest environments.

OVERHEAD JOBSITE LIGHTING

Southwire offers a full range of overhead jobsite lighting options with an array of different light distribution models. Whether you need directional lighting or a broader distribution of light, Southwire has the perfect option for you. When considering overhead lighting make sure to check out our Southwire Lighting Solutions; including Customized Lighting, Lighting Layout Services, and our Ready-2-Hang bulk packaging.

OVERHEAD JOBSITE LIGHTING

LIGHTING DISTRIBUTION SOLUTIONS

Southwire has a wide range of overhead jobsite light fixtures with various optical distribution features to meet every jobsite need.

THE LONG NECK SERIES

OPTICAL ADVANTAGE: Focus light downward
USE CASE: Large open spaces to efficiently achieve minimum OSHA illumination requirements of 5-foot candles
INTEGRAL HOOK FOR EASY HANGING
INTEGRATED RECEPTACLE

REPLACEABLE BULB

PROTECTIVE CAGE

1110120ECO

T60 SERIES

OPTICAL ADVANTAGE: Distributes light in all directions
WHY: General purpose lights where wall illumination or ceiling work may be important

INTEGRAL HOOK FOR EASY HANGING

DAISY-CHAINABLE CORDS WITH LENGTH OPTIONS

INTEGRAL LEDS
PROTECTIVE CAGE

T60100

CL SERIES

**OPTICAL ADVANTAGE:** Broad distribution of light but delivers more light to the ground
WHY: General purpose scenarios where efficient ground illumination is also a priority

HANGING LIGHT

OVERHEAD JOBSITE LIGHTING

JOBSITE OVERHEAD LIGHTING LAYOUT SERVICES

OSHA standard 1926.56(a) requires a jobsite to have 5-foot candles of light on the ground. Southwire can help you with your lighting layout to ensure that you keep your crew safe without overspending on unnecessary lights.

Contact your Southwire sales associate for more information about Southwire's Lighting Layout Tool
EMAIL: LIGHTING@SOUTHWIRE.COM

• Keep your jobsite safe with the right amount of light
• Avoid over-lighting a space and increasing install time
• Reduce your material spend

### LET SOUTHWIRE LAYOUT YOUR JOBSITE LIGHTING

WHAT WE NEED FROM YOU
• **PROJECT DIMENSIONS:** Length x Width x Deck Height

• **REQUESTED FOOT CANDLE LEVEL:** How many foot candles do you need on your project?

• **WE CAN USE YOUR DRAWINGS TO CALCULATE JOBSITE DIMENSIONS:** Either .PDF or .IFC files

Southwire prefab lanterns come in 4 different lumen models, each model, and has a custom wiring terminal allowing you to add your own cords to fit your specific needs. When wiring, you can use the provided strain relief connectors or the ½" threaded hubs designed to fit other Southwire fittings. Each model includes a retractable handle for ceiling mounting and low-profile stacking.

- Cord-free custom wiring terminal
- Accepts 12-gauge through 16-gauge SO cord
- 1/2" threaded hub for Southwire fittings
- Accepts most sizes of Romex® Brand and MC cable when used with correct fitting
- Includes steel 2x strain relief connectors
- Retractable hanging clip for low profile
- Made with a stackable design
- Replaceable fixture head & wiring terminal
- 5000K CCT
- 120V - 277VAC 50/60 HZ
- Custom wiring terminal block
- 2-in-1 dimmer (150W & 200W models)
- Outdoor weather rated (when used with weatherproof connectors)

STRING
LIGHTS

Southwire offers a full range of industrial string lights to help you light any area. Perfect for corridors and longer rooms, the majority of our string lights are available in 50 ft. & 100 ft. strands. We make sure to bring you the best in LED technology while also continuing to carry traditional E-base socket string lights. Not sure which one to choose? Provide us with your project dimensions and we'll recommend a product that works specifically for your jobsite.

STRING LIGHTS

LED STRING LIGHTS WITH UP-LIGHT

Shine light along hundreds of feet with ease, utilizing these convenient and easy-to-install integrated LED string lights. With no bulb to break or replace, these products are low profile and will provide service for years to come.

50' AND 100' MODELS AVAILABLE

DAISY-CHAIN UP TO 1,000'
